

Imprinting Guide

Add your name, logo and contact information to one of our unique moon calendars to keep your name in front of your customers year round - and they'll beg you for another!

MoonShine, MoonLight, MoonDazzle, and MyMoonCalendar offer dramatic graphic views of the entire year by charting the daily phase of the moon. Date, day of the week and times of the major phases are given. Choose material, format, packaging, and price to best meet your needs. Or, choose the **MoonBeams** cards and do your own imprinting with a copier or laser/inkjet printer.
